

Theresa Margarete Tribaldos

Centre for Development and Environment (CDE)
University of Bern
Hallerstrasse 10
CH-3012 Bern
Switzerland
Email: theresa.tribaldos@cde.unibe.ch

Work experience

- 06/2017 – today **Senior research scientist**, Centre for Development and Environment (CDE), University of Bern, Switzerland (80%). Collaboration in the R4D research project "Food Sustainability" and in the research project "Enhancing transformative research for sustainable development: mutual learning within research networks" funded by the Mercator Foundation Switzerland.
- 11/2015 – 05/2017 **Senior research scientist**, Centre for Development and Environment (CDE), University of Bern, Switzerland (50%). Transdisciplinary research for sustainable development, policy coherence for the implementation of the Sustainable Development Goals, sustainable food systems.
- 09/2013 – 05/2017 **Consultant**, Flury & Giuliani GmbH, Zurich, Switzerland (50%). Sustainability in the Swiss and other agri-food systems, projects for regional development in Swiss alpine regions, Swiss agricultural politics.
- 10/2008 – 12/2008 **Internship** at the London Borough of Richmond upon Thames, London, UK. Sustainable development for private households, schools and businesses in the borough.
- 06/2007 – 08/2007 **Scientific assistant**, Institute of Geography, University of Zurich, Switzerland. Distributed mass balance modelling of glaciers in the Swiss Alps.
-

Education

- 03/2010 – 07/2013 **PhD**, chair of International Relations with Prof. Thomas Bernauer, ETH Zurich, Switzerland. Title of dissertation: "Conflict and Cooperation over Domestic Water Resources in the Mediterranean, the Sahel Area, and the Middle East: Drivers and Structural Alternatives for Conflict-Reducing Management".
- 10/2012 – 03/2013 **Research stay** at the Hebrew University of Jerusalem, Israel, with Prof. Eran Feitelson. Work on the articles: "Does conflict resolution benefit from decentralised water management structures? The cases of Morocco and Portugal" und "Stakeholder leverage in a centralised system: Israeli water management".
- 09/2007 – 09/2008 **MA in Geopolitics, Territory and Security**, King's College London, UK. Specialisation in border studies, sovereignty, conflict resolution and civil wars. Title of master thesis: "The impact of internal conflict on the sovereignty of Colombia and its surrounding neighbours".
- 09/2001 – 04/2007 **MSc UZH**, Institute of Geography, University of Zurich Switzerland. Specialisation in glaciology, geobotany, biogeography, climatology, GIS and hydrology. Title of master thesis: "Distributed mass balance modelling in the Bernina group, Swiss Alps, from 1850 to 2000".
- 08/1997 – 06/2001 **Matura Type A**, middle school, Alte Kantonsschule Aarau, Switzerland.
-

Teaching Experience

10/11/2017	Tutorium supervisor in the Bachelor Minor of Sustainable Development for the sessions on food sustainability.
10/2013 and 2015	Visiting lecturer together with Dr. Robert Huber and Dr. Christian Flury: Module „Geography of Food“ in the CAS course Food Responsibility, Zurich University of Applied Sciences, Wädenswil, Switzerland
04/2013	Visiting lecturer: “International Environmental Politics II”, ETH Zurich, Switzerland
09/2010 – 01/2011	Teaching assistant: "Introductory political science", ETH Zurich, Switzerland

Additional academic training

08/2013	Summer School at the World Food System Center, ETH Zurich, Switzerland: Sustainable Agriculture and the World Food System.
11/2011	Essentials of Interview-Based Qualitative Research. Methods course at the University of Zurich, Switzerland, taught by Liz Spencer.
06/2011 – 07/2011	ICPSR Summer Program in Quantitative Methods of Social Research. Courses in regression analysis and mathematics for the social sciences, University of Michigan, Ann Arbor, USA.
11/2010 – 05/2011	Certificate of Advanced Studies ETH (CAS) Geographic Information Systems, ETH Zurich Switzerland.
10/2010 – 09/2011	Fix the Leaky Pipeline Program at ETH Zurich, Switzerland. Coaching program for the support of women in science.

Publications

Theresa Tribaldos, Flurina Schneider, Christoph Oberlack and Stephan Rist (manuscript). Governance of sustainability problems through transdisciplinary research: pathways to impact.

Flurina Schneider, Tobias Buser, Rea Keller, Theresa Tribaldos and Stephan Rist (under review). Design principles for transdisciplinary research funding programs aiming to enhance societal transformations.

Theresa Tribaldos, Johanna Jacobi and Stephan Rist (forthcoming). Linking sustainable diets with the emerging concept of "food sustainability". FAO Workshop Proceedings on the Technical Workshop on Sustainable diets in the context of sustainable food systems.

Gianluca Giuliani, Birgit Kopainsky and **Theresa Tribaldos** (2017). Momo und die Perspektivendiebe. In: Elisa Innerhofer und Harald Pechlaner (Hrsg.). Perspektiven der Regional- und Destinationsentwicklung. Oekom, München, p. 71-90.

Birgit Kopainsky, **Theresa Tribaldos**, Samuel Ledermann (2017). A food systems perspective for food and nutrition security beyond the post-2015 development agenda. Systems Research and Behavioral Science, DOI: 10.1002/sres.2458.

Birgit Kopainsky, **Theresa Tribaldos**, Christian Flury, Matteo Pedercini und Hans-Jörg Lehmann. 2014. Synergien und Zielkonflikte zwischen Ernährungssicherheit und Ressourceneffizienz. Agrarforschung Schweiz 5(4), S. 132-137.

Tobias Böhmelt, Thomas Bernauer, Halvard Buhaug, **Theresa Tribaldos**, Gerdis Wischnath. 2014. Demand, Supply, and Restraint: Determinants of Domestic Water Conflict and Cooperation. Global Environmental Change 29, p. 337-348.

Theresa Tribaldos, 2013. Conflict and Cooperation over Domestic Water Resources in the Mediterranean, the Sahel Area, and the Middle East: Drivers and Structural Alternatives for Conflict-Reducing Management. Dissertation thesis, ETH Zurich, Switzerland.

Bernauer, Thomas, Tobias Böhmelt, Halvard Buhaug, Nils Petter Gleditsch, **Theresa Tribaldos**, Eivind Berg Weibust, and Gerdis Wischnath. 2012. Water-Related Intrastate Conflict and Cooperation (WARICC): A New Event Dataset. International Interactions 38, p. 529-545.

Conferences

Theresa Tribaldos: Governance of sustainability problems through transdisciplinary research: pathways to impact in agricultural systems. Manuscript presented at the International Transdisciplinary Conference in Lüneburg, September 2017.

Theresa Tribaldos: Governance of sustainability problems through transdisciplinary research: pathways to impact in agricultural systems. Manuscript presented at the Transformations Conference in Dundee, August 2017.

Theresa Tribaldos, Johanna Jacobi and Stephan Rist: Linking sustainable diets with the emerging concept of "food sustainability". Paper presented at the Technical Workshop on Sustainable diets in the context of sustainable food systems at the FAO Rome in July 2017.

Theresa Tribaldos and Flurina Schneider: Enhancing transformative research for sustainable development: mutual learning between research programmes. Poster presented at the Swiss Inter- and Transdisciplinarity Day in Lucerne, November 2016.

Theresa Tribaldos: Does conflict resolution benefit from decentralised water management structures? The cases of Morocco and Portugal. Manuscript. Presented at the ISA San Francisco, USA in April 2013.

Thomas Bernauer, Tobias Böhmelt, Halvard Buhaug, Nils Petter Gleditsch, **Theresa Tribaldos**, Eivind Berg Weibust, and Gerdis Wischnath: Intrastate Water-Related Conflict and Cooperation: A New Event Dataset. Presented at the *ISA Montreal, Canada* in March 2011.

Grant

Swiss National Science Foundation (SNSF) Fellowship for Prospective Researchers, Project "Domestic water-related conflict and cooperation in Morocco, Portugal, and Israel: 3 case studies", October 2012 - March 2013, Jerusalem, Israel.
